

NeuroBo Pharmaceuticals Announces \$7.5 Million Registered Direct Offering

April 14, 2020

BOSTON, April 14, 2020 /PRNewswire/ -- **NeuroBo Pharmaceuticals, Inc.** (Nasdaq: NRBO), a clinical-stage biotechnology company focused on developing and commercializing multimodal, disease-modifying therapies for neurodegenerative and cardiometabolic diseases, today announced that it has entered into a definitive agreement with a single healthcare-focused institutional investor for the purchase and sale in a registered direct offering of 750,000 shares of the Company's common stock, at a purchase price of \$10.00 per share. The closing of the offering is expected to occur on or about April 16, 2020, subject to the satisfaction of customary closing conditions.

H.C. Wainwright & Co. is acting as the exclusive placement agent for the offering.

The gross proceeds to NeuroBo from this offering are expected to be \$7.5 million, before deducting the placement agent's fees and other offering expenses. The Company intends to use the net proceeds from this offering for working capital, capital expenditures and general corporate purposes.

The shares of common stock are being offered by NeuroBo pursuant to a "shelf" registration statement on Form S-3 (File No. 333-220315) previously filed with the Securities and Exchange Commission (the "SEC") on September 1, 2017 and declared effective by the SEC on September 12, 2017. The offering of the securities will be made only by means of a prospectus, including a prospectus supplement, forming a part of the effective registration statement. A final prospectus supplement and accompanying prospectus relating to the shares of common stock being offered will be filed with the SEC. Electronic copies of the final prospectus supplement and accompanying prospectus may be obtained, when available, on the SEC's website at <http://www.sec.gov> or by contacting H.C. Wainwright & Co., LLC at 430 Park Avenue, 3rd Floor, New York, NY 10022, by phone at (646) 975-6996 or e-mail at.placements@hcwco.com.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy these securities, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.

About NeuroBo Pharmaceuticals

NeuroBo Pharmaceuticals, Inc. is focused on novel treatments for neurodegenerative diseases affecting millions of patients worldwide. The company's multimodal approach has the potential to address the multiple underlying mechanisms of neurodegenerative diseases, alleviate symptoms and slow disease progression. The company's lead drug candidate, NB-01, for the treatment of painful diabetic neuropathy (PDN), has been shown in a Phase 2 study to significantly reduce pain symptoms associated with PDN with a superior safety profile when compared to currently available treatments. NeuroBo's second drug candidate, NB-02, is focused on the treatment of Alzheimer's disease and neurodegenerative diseases associated with the pathological dysfunction of tau proteins in the brain.

NeuroBo Pharmaceuticals was jointly founded by Dr. Roy Freeman, professor of neurology at Harvard Medical School and renowned expert in neuropathic pain, and JK BioPharma Solutions, a biotechnology consulting company, to commercialize natural product-based research into ethical medicines.
